Nice, modernized, period apartment, in city center, in peaceful street. It is very good location, close to downtown and with plenty greenery. Walking distance to pedestrian zone of Knez Mihajlova street (10 minutes only) and few minutes to several busier streets with public transport stops. Building is from fifties, and in good condition, with elevator. Apartment is renovated and comfort. It has two quite large rooms, furnished with newer, basic furniture. Bathroom tiles are in blue-orange combination, which looks quite interesting, and with shower. Kitchen is pretty small, and although with nice tiles, it is furnished only with several cabinets, small fridge and two burners. Apartment is suitable for single people or couples.
