This closed residential complex is located near the city center, beside the Boulevard and is synonymous with the isolated oasis of peace and privacy within easy reach of the city's major events. This area is rich in greenery and in the immediate environment of schools, colleges, various commercial and administrative facilities, which makes the area ideal for the life of modern man. The complex is specific in its appearance and construction, and in its part include an indoor pool, gym, sauna and solarium. It also has a garage. It is organized like a hotel and features a maintenance service, video surveillance, security service 24/7. The complex has a beautiful garden with a fountain and sitting area, which is available to all tenants. The apartment itself is very luxurious, with high ceilings, excellent ceiling and wall lighting. The interior is made of quality materials. Functionally divided into two units. Extremely spacious living area extends to 60 m² in which is the dining room. The kitchen is separate, comfortable, fully equipped. There are three bedrooms, of same size and furnished with double beds and fitted closets along the wall. The interior is very elegant, and equipped with pieces of furniture of modern design with a lot of detail. Comfort, quality and functionality are the basic ideas of the design of this ambience, which is intended for residents of exquisite taste.
