Business pre-war building is located in the city center, near the pedestrian zone, and 200 m from Knez Mihailova street. This part of the city is rich in commercial, historical and cultural content. There is a public garage near by where it is possible to rent parking spaces. The building has been renovated (power installations, exterior doors and windows, heating and sanitary elements have been replaced). It consists of two levels. The entrance to the business premises is placed on the ground floor, and oriented towards the street. Premises consists of a long hallway on the ground floor (It is also divided by the wall , like in the shop) and two upper floors. On the ground floor, at the end of the hallway there is an exit to the large inner courtyard that occupies 3 acres. On the first floor there is a large open space of 123 m² with a central support column in the middle. There are two toilets and a kitchenette at disposal. It is freshly painted, air-conditioned and with floor heating. The ceiling height in this part is 4 m, it is bright, with a small balcony that overlooks Terazije square. The carpentry provides very good sound insulation, so the space is quiet. The loft also consists of an open space of 123 m² with a pillar in the center. The ceiling is in the slopes that do not disturb the functionality of the space. There are also two storage rooms of 10 m² between floors. Suitable for a variety of business activities with possibility to design space according the clients needs..
