Attractive apartment in Zvezdara, close to the forest, housed in a new building, with a well-maintained parking lot and driveway. The busy Severni Bulevar and shops are nearby. Good connection with the city center, only 10 minutes by car. A quiet location, and excellent for people who love nature and sports, because the Zvezdara forest hiking trails start in the immediate vicinity, and there is also a bus stop. The apartment is in a smaller building without an elevator, on the first floor, which is raised for part of the mezzanine, and two side oriented. It consists of an entrance area, which separates the living room from the sleeping block. The living room is connected to dining area and a kitchen that is separated by a counter. From the dining room there is access to the terrace that overlooks the street, which ends in this part, so it is not frequented. The kitchen is fully equipped with top quality elements and appliances. In the sleeping block, there are two rooms, which overlock the back yard and a bathroom. The master bedroom has a double bed and a TV, while the second bedroom has a full-length built-in wardrobe and a single bed. The bathroom has a spacious shower in mosaic, plenty of closets with a washing machine and water heater. A very comfortable apartment, with an elegant design and suitable for life of one person, a couple or a small family. On the ground floor of the building there are two excellent parking spaces suitable for larger vehicles and the entrance is directly from the street on the same level.
